The general goals of residential rehabilitation are to:

- Maintain function
- Encourage integration
- Enhance quality of life
- Give satisfaction

Some clients have rehabilitation that is aimed at achieving greater levels of independence, while some clients have higher needs and have a home for life at ABI Rehabilitation. All rehabilitation programmes are individualised, goal-driven, and reviewed on a regular basis.

Community Integration:
Mayo-Portland Participation Index questionnaire

63 On a scale of 0 [worst] to 100 [best] (clients, n=13)

Satisfaction Surveys:
"Overall, how satisfied are you with the service we provided?"

3 out of 3 'satisfied' or 'very satisfied' (clients; n=3)
