Genders:

Ethnicities:

Ages:

The general goals of residential rehabilitation are to:

- Maintain function
- Encourage integration
- Enhance quality of life
- Give satisfaction

Some clients have rehabilitation that is aimed at achieving greater levels of independence, while some clients have higher needs and have a home for life at ABI Rehabilitation.

All rehabilitation programmes are individualised, goal-driven, and reviewed on a regular basis.

Satisfaction Surveys:

“With regards to your overall satisfaction: How satisfied are you with the service we provided?”

3 out of 3

of family/whānau responded ‘satisfied’ or ‘very satisfied’ (n=3)
